Dear prospective employer, partner or collaborator for Mike Fox,

He is genuinely a pro-life advocate and has helped me greatly with creative projects. I am extremely impressed with his work, ethics and creativity. He produced my audio intro and outro for my nationwide radio show. He has also expeditiously produced creatives for promotion for my national Pro-Life clothing line COL (Culture of Life).

I am very impressed with him and he would make an extremely valuable member, contractor, employee or collaborative partner.

Please call or contact me with any questions about Mike.
